## Sponsorship Letter

Dear Business Owner:

As Kids Tag Art wraps up our second year, we are thrilled to announce some very exciting news for our 2018-2019 program:

- Over \$7000 raised from our sponsors.
- Over \$1100 profit from Tag Sales for Taylor County Elementary School
- Over \$400 profit from Tag Sales for Perry Primary School.

Of course, these accomplishments could not have been possible without the generous funding of our sponsors and their appreciation for the important role Kids Tag Art and art education plays in growing the creative and innovative thinkers of tomorrow.

As we put our plans in place for the 2019 program year, **I wanted to give you the opportunity to be a sponsor for 2019-2020 year.** Supporting documentation that outlines the benefits of our different sponsorship levels is enclosed. After reviewing the information enclosed, I know you will agree that the positive exposure for your company is an outstanding opportunity. In addition to being a great business decision, being part of this program allows your company to play a visionary and active role in fostering creativity in the classroom, which is needed to lead our county into the future.

We hope that you will find Kids Tag Art an investment value in your business and participate in this worthwhile cause. I look forward to contacting you in the coming weeks to follow-up and find out how we can make this year's sponsorship a success.

Thanks again!

Sincerely,

Mark Wiggins, Tax Collector
